**APPENDIX B (cont.)**

**GEA Emergency Contacts and Procedures**

Stay calm:

- Establish the nature of the problem
- Contact relevant emergency service and First Aid person (if applicable)
- Have a concise description of your location ready
- If a person is injured, locate their emergency contact details
- If necessary, send someone to an arranged point to meet emergency vehicles
- Supervise other riders / people to ensure their safety (this may include relocating them)
- Ensure that other riders / people do not put an injured person(s) or horse in jeopardy
